

SuperInvestor announces distribution of Swann Insurance's Your BillProtect.

You have car insurance to cover yourself if something happens to your car. You have loan protection insurance to help repay your loan if something happens to you. You may even have Your FeeSecure to help cover your kids' education fees. If you lose your car, lose your job, or lose your health – you've got it all covered.

Or do you?

What about your day-to-day living expenses? Your loan protection insurance may be repaying your loan for you, but does it put food on the table? Or buy petrol? What about your rent or electricity bills? That's where Your BillProtect comes in.

Your BillProtect is an innovative new product from Swann Insurance that will help cover your bills and daily living expenses if you lose your job or can't work due to a serious illness or injury. Simply apply online through SuperInvestor and nominate which bills you want us to cover – it's that easy!

The launch of Your BillProtect by SuperInvestor is the first of a series of Swann products to be distributed through the SuperInvestor network.
