

FOUNDING MEMBERS

Dr Brett L Scarlett - Director

Dr Brett Scarlett's background is linked with his know-how in the IT industry and experience as a Business Consultant in diverse Australian and multinational enterprises.

Dr Scarlett's knowledge has expanded from a foundation of information technology, to an extensive understanding of conventional and innovative business strategies and tactical initiatives.

The basis of his commercial perspective has come from involvement across many industries and organizations, including Australia Post, Telstra, Oracle, Benchmark International, and the Treasury Corporation of Victoria.

Dr Scarlett, who holds a Bachelor Degree in Applied Science and a Master of Business from Melbourne's RMIT University, is well versed in IT and business operations. His innate desire for a challenge lead to further studies; and the achievement of a Doctorate in Philosophy and a Diploma in the Company Director's course from the University of New England. Dr Scarlett is also a Fellow of the Australian Institute of Company Directors.

First and foremost a business-oriented pragmatist, technologically and finance savvy, Dr Scarlett believes in creating connections and energizing investment wealth for people through the easily accessible channels of information provided by SuperInvestor.com.au.

Vas Banschikov – Director

Vas Banschikov commenced his professional career in accounting and financial management at Safeway Australia (now a part of Woolworths Australia). Graduating from Caulfield Institute of Technology (now Monash University) with a Diploma of Business Studies Accounting, he later undertook a Postgraduate Diploma in Accounting/Finance.

With a successful career at Safeway Australia, Banschikov became well known in the capital markets, joining Henry Jones IXL as the Group Treasurer. Later he progressed to the position of Corporate Services Manager at Arthur Andersen & Co, further extending his business portfolio.

Banschikov saw a personal opportunity to establish a specialist corporate financial services and treasury business and in 1986, founded *Benchmark International Group*. The company provides finance, treasury and management consulting services for both the private and public sectors.

Benchmark, has successfully completed consulting projects in over 22 countries funded directly via the World Bank, Asian Development Bank, and AusAID (Australian Agency for International Development).

Banschikov has transposed his finance and treasury experience from offline to online and is now a driving force behind bringing SuperInvestor to Australia.
